DRT 1-6-21

Arroyo Crossing Layout Change

This change would require a gas main extension and the appropriate PUE's if they are requesting gas to this phase. For the first phase they did not have gas to those units. I would need to know what they would like in order to give more feedback.

Murphy Flats Final Plat

The customer is not requesting gas for the project. Gas Main already exists in the road with services that go to 2 of the homes on site currently as well as the property to the east. They will need to maintain the PUE in the roadway.

Namaste Rock Subdivision
